Industrial Sewage Treatment Services in Eco-plating Specialised Zone

For the six months ended 30 June 2018, the total revenue of the Group's operations of providing treatment and disposal services of industrial sewage and sludge and providing facilities to the manufacturers in the eco-plating specialised industrial zone (the "Eco-plating Specialised Zone") was approximately HK\$51,611,000 (2017: HK\$46,989,000). During the period under review, owing to the increased costs on sewage treatment and upkeeping the sewage treatment system in the zone, the profit margin (pre-tax) decreased to approximately 5.0% (2017: 13.1%).

As at 30 June 2018, the Group's operations in the Eco-plating Specialised Zone were summarised as follows:

Investments in Plastic Materials Dyeing Operations

The Group has held the equity interests in three Sino-foreign joint equity enterprises, that are principally engaged in the business of plastic materials dyeing in China, as long term investments since October 2007. For the six months ended 30 June 2018, the profit margins (pre-tax) of Suzhou New Huamei Plastics Company Limited (“Suzhou New Huamei”), Danyang New Huamei Plastics Company Limited (“Danyang New Huamei”) and Qingdao Zhongxin Huamei Plastics Company Limited (“Qingdao Huamei”) were 2.5% (2017: 3.0%), 1.7% (2017: 2.3%) and 3.8% (2017: 3.3%) respectively. The Group accounts for the results of the three Sino-foreign joint equity enterprises based on the actual dividend declared and receivable from the investments.

Outlook

As at 30 June 2018, the aggregate licensed capacity of the Group for hazardous waste treatment and disposal in China was approximately 105,400 metric tons per annum (31 December 2017: 111,400 metric tons per annum), and other newly built incineration facilities are expected to be put into operation later in this year.

During the period under review, owing to the newly built incineration capacity has been gradually put into operations, the quantity of hazardous waste collected and disposed increased by 57.3% and the revenue increased by 48.7% comparing to the last corresponding period. Operating profit maintained a steady growth as compared to the last corresponding period. The decline in net profit in current period was mainly attributable to the sharp increase in raw materials costs on waste processing, the decrease in non-recurring income and the increase in non-recurring expenses, as well as the effect of exchange rate fluctuations. Along with the increasingly strict national environmental protection supervision, the continuous release of the Group’s well-built waste processing capacity, and the construction and establishment of the new projects, the Group’s earnings in the second half of this year and in the future are expected to achieve considerable growth.

Notwithstanding the facts that certain plants of the Group have to temporarily suspend incineration for repair and maintenance to comply with the stern environmental compliance standards during the period under review, the licensed capacity of the Group for hazardous waste treatment and disposal remains the key driver in bringing stable return to the Group. The Group will continue to focus on environmental related business and to enhance its facilities and uphold higher standard of waste management. The Directors would seek for the right opportunity for business restructuring and industrial upgrading to ensure the sustainable development and profitability of the Group. Barring any unforeseeable risks from the global and local economies and from the strengthening national standards on environmental compliance that might affect the Group’s environmental operations in China, the Group expects to report a stable profit for the current year.

INTRODUCTION

We have reviewed the interim financial report set out on pages 24 to 50 which comprises the condensed consolidated statement of financial position of New Universe Environmental Group Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) as of 30 June 2018 and the related condensed consolidated statement of profit and loss, condensed statement of profit and loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the six month period then ended and certain explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of an interim financial report to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of the interim financial report in accordance with HKAS 34. Our responsibility is to form a conclusion based on our review on the interim financial report, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Hong Kong Institute of Certified Public Accountants. A review of the interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial report as at 30 June 2018 is not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting”.

2. BASIS OF PREPARATION

The interim financial statements for the six months ended 30 June 2018 have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"), including compliance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

The interim financial statements of the Company for the six months ended 30 June 2018 were approved and authorised for issue by the board of Directors on 17 August 2018.

The preparation of the interim financial statements in conformity with HKAS 34 requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates. This interim financial statements contain consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2017 annual financial statements.

2. BASIS OF PREPARATION (continued)

The unaudited consolidated interim financial statements and notes thereon do not include all of the information required for full set of financial statements and should be read in conjunction with the consolidated financial statements of the Company for the year ended 31 December 2017, which have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”).

The financial information relating to the financial year ended 31 December 2017 that is included in the interim financial statements as comparative information does not constitute the Group’s financial statements for that financial year but is derived from those annual financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted for the preparation of the unaudited consolidated interim financial statements are consistent with those set out in the consolidated financial statements of the Company for the year ended 31 December 2017, as described in those annual financial statements, except for the adoption of the below new HKFRSs and amendments to HKFRSs that are first effective for the financial year ending 31 December 2018.

(a) New HKFRSs and amendments to HKFRSs adopted by the Group

(i) *HKFRS 9 Financial Instruments and HKFRS 15 Revenue from Contracts with Customers*

The Group has performed an assessment on the impact of the adoption of HKFRS 9 and HKFRS 15 respectively and concluded that no material financial impact exists, and therefore no adjustment to the opening balance of equity at 1 January 2018 was recognised.

(ii) The following amendments to standards and interpretations are effective for accounting periods beginning on or after 1 January 2018. The adoption of which does not have a material impact on the Group.

Annual Improvements Project	Annual improvements 2014-2016 cycle
HKFRS 1 and HKAS 28	
HKFRS 2 (Amendments)	Classification and measurement of share-based payment transactions
HKFRS 4 (Amendments)	Applying HKFRS 9 financial instruments with HKFRS 4 insurance contracts
HKFRS 9 (Amendments)	Financial instruments
HKAS 40 (Amendments)	Transfers of investment property
HK (IFRIC) 22	Foreign currency transactions and advance consideration

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

For the six months ended 30 June 2018

3. SIGNIFICANT ACCOUNTING POLICIES (continued)

- (b) New standards, amendments to standards and interpretations issued but not yet effective for the accounting period beginning on 1 January 2018 and not early adopted by the Group

		Effective for accounting periods beginning on or after
HKFRS 9	Prepayment features with negative compensation	1 January 2019
HKFRS 16	Leases	1 January 2019
HK (IFRIC) 23	Uncertainty over income tax treatments	1 January 2019
Amendments to HKFRS 10 and HKAS 28	Sale or contribution of assets between an investor and its associate or joint venture	To be determined
HKFRS 17	Insurance contracts	1 January 2021

- (c) Impact of standards issued but not yet applied by the Group
HKFRS 16 “Leases” (“HKFRS 16”)

HKFRS 16 provides new provisions for the accounting treatment of leases and will in the future no longer allow lessees to account for certain leases outside the statement of financial position. Instead, all long-term leases must be recognised in the statement of financial position in the form of assets (for the rights of use) and lease liabilities (for the payment obligations). Short-term leases with a lease term of twelve months or less and leases of low-value assets are exempt from such reporting obligations. The new standard will therefore result in recognition of a right-to-use asset and an increase in lease liabilities in the balance sheet. In the statement of profit or loss, rental expenses will be replaced with depreciation and interest expense. The new standard is not expected to be applied by the Group until the financial year ending 31 December 2019. HKFRS 16 will primarily affect the accounting for the Group’s operating leases. At 30 June 2018, the Group had non-cancellable commitments of minimum operating lease payments of HK\$104,000. Upon adoption of HKFRS 16, the fair value of outstanding minimum operating lease payments will be recognised in the consolidated statement of financial position as lease liabilities and right-of-use assets. The lease liabilities would subsequently be measured at amortised cost and the right-of-use assets will be depreciated on a straight-line basis during the lease term.

Management is in the process of making an assessment on the impact of other new standards, amendments to standards and interpretations and considered on a preliminary basis that their application will have no significant impact on the financial performance and the financial position of the Group.
